

Allison Stone
Communication Infrastructure Division Controller
Data Center Group, Intel Corporation

Allison is the Communication Infrastructure Division Controller for Intel's fast growing Data Center Group. As the CID Controller, Allison manages the group's portfolio planning process, investments, revenue outlook, product segmentation strategy, as well as efficiency and growth initiatives. Before her role in DCG she held operations finance roles in semiconductor technology development, manufacturing, pricing, business unit strategy, competitive analysis and financial planning. Allison is heavily involved in ASU recruiting and participates in several mentor programs across Intel finance.

Allison is an Arizona native who has spent her entire career at Intel. Outside of work she volunteers with the Boys and Girls Clubs of Scottsdale and participates in several other local charity events. She holds a B.S. in Finance from Arizona State University and an MBA from Santa Clara University.
